cityoflyons@wavecable.com

It's been one week since our last update. Not much more to report other than there's a whole lot of earth-moving going on!

What we know up to this point:

- ✚ The construction crew from North Santiam Paving has resumed operations!
- ✚ They have been excavating along the block and at the corners of intersections preparing to begin pouring concrete on Friday!
- ✚ Work on the east side is expected to begin shortly after the west side is completed.
- ✚ The extension from Dogwood to Cedar is paused.
- ✚ Just a reminder that Dogwood Street is not being reduced to one lane permanently. During construction, the intersection is narrowed to allow for the construction of sidewalks, curbs, and curb ramps.
- ✚ Also, a reminder that mailboxes will be moved off of 5th Street. Residents should contact the Post Office to pick up the mail that is being held there.
- ✚ Throughout the project, traffic will be redirected to provide a safe and smooth transition through the work zone.

There is sure to be more bumps ahead. We ask for your patience and understanding as we move through this project together. We do apologize for the inconvenience to you all!

You're invited to stop by to view the plans and discuss the project.

If you have questions or concerns, please contact Lyons City Hall.
